Introducing BEF Welding & Fabrication (dba Buffalo Brew Fab): A premier provider of metal fabrication, forming, and welding services based in Buffalo, NY. Established in 2017, our company initially focused on serving the Brewery and Bar industries. Over a brief span, we've evolved into a comprehensive metal fabrication entity, catering to both commercial and residential projects. Notably, BEF has emerged as a trailblazer, renowned for crafting and distributing our signature creation, The Keg Urinal, alongside an expanding array of repurposed Keg Products.

### Core Competencies

- 1. Custom Metal Fabrication:** Our experienced team utilizes state-of-the-art equipment and advanced techniques to fabricate metal components and assemblies according to precise specifications. Whether it's sheet metal, structural steel, aluminum, or other alloys, we have the expertise to deliver high-quality, custom solutions.
- 2. CNC Machining:** Our CNC plasma cutting is renowned for precision, versatility, and efficiency. We excel in accurately cutting a diverse range of materials, from thin sheets to thick plates, including steel and stainless steel. Our ability to effortlessly handle intricate shapes and designs makes us invaluable for custom fabrication and prototyping needs. Moreover, our machine operates at high speeds, ensuring swift production without compromising on quality. With seamless integration with CAD software, our CNC plasma machine streamlines the production workflow, allowing for easy design importation and customization. Additionally, our automation capabilities minimize manual intervention, enhancing productivity while maintaining consistency in finished products.
- 3. Welding and Fabrication:** Equipped with skilled welders and the latest welding technologies, we provide comprehensive welding and fabrication services. From MIG and TIG welding to spot welding and beyond, we excel in creating strong, durable welds for diverse applications.
- 4. Value-Added Services:** In addition to core fabrication capabilities, we offer value-added services such as finishing, assembly, and packaging to provide comprehensive solutions to our clients. Whether it's surface treatment, painting, or assembly of components, we ensure the final product meets or exceeds expectations.

## BEF Welding & Fabrication Capabilities Statement

**Quality Assurance:** At BEF Welding & Fabrication, quality is paramount in everything we do. We adhere to strict quality control measures throughout the fabrication process, from initial design to final inspection, to ensure that each product meets the highest standards of precision and durability. Our commitment to quality is backed by demonstrating our dedication to excellence.

**Customer Satisfaction:** We prioritize customer satisfaction and strive to exceed expectations with every project we undertake. Our team works closely with clients to understand their specific requirements and challenges, offering personalized solutions that address their needs effectively. With a focus on communication, reliability, and responsiveness, we build long-lasting partnerships based on trust and mutual success.

**Commitment to Innovation:** In an ever-evolving industry, we are committed to continuous innovation and improvement. We invest in research and development to explore new technologies, materials, and processes that enhance our capabilities and enable us to stay ahead of the curve. By embracing innovation, we empower our clients with cutting-edge solutions that drive their success in a competitive market.

**Conclusion:** At BEF Welding & Fabrication, we are dedicated to delivering excellence in metal fabrication. With our comprehensive capabilities, commitment to quality, and customer-centric approach, we stand ready to fulfill the metal fabrication needs of businesses across various industries. Contact us today to discover how we can bring your metal fabrication projects to life with precision, quality, and reliability.

### Services and Custom Capabilities List:

- ❖ Repurposed Keg Products (Keg Urinal, Keg Pub Table and more)
- ❖ Draft Tower System Design and Installation
- ❖ Wholesale Metal Products for Retail entities
- ❖ Metal Furniture (Indoor & Outdoor)
- ❖ Interior and Exterior Railings and Custom Fencing
- ❖ Welding for Repairs and Production
- ❖ Brewery Tank Repairs and Cleaning
- ❖ Metal Shelving
- ❖ Smoker and Fire Pit Designs and manufacturing
- ❖ Supplies for Bars & Restaurants (custom Flight Trays, Tap Handles and more)
- ❖ Multi-Layered Logo Signs for Businesses
- ❖ Powder Coating
- ❖ Custom metal products for home and office
